# Vertical Angles

In the figures below, $\overleftrightarrow{EF}$, $\overleftrightarrow{GH}$, $\overleftrightarrow{PQ}$, and $\overleftrightarrow{RS}$ are straight lines. Look at the figures and write the measures of the angles that are vertically opposite to the given angles.
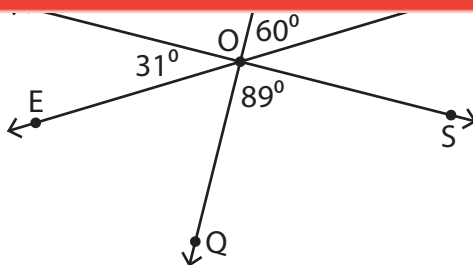

1)

2)

a)   m∠POR = _____   b)   m∠EOP = _____

c)   m∠ROF = _____   d)   m∠QOE = _____

e)   m∠FOS = _____   f)   m∠SOP = _____
