

Reading and Interpreting Scaled Bar Graphs

- 1) A home builder conducted a survey to find out what people looked for while buying new homes. Their responses were recorded in a bar graph. Read the graph and answer the questions.

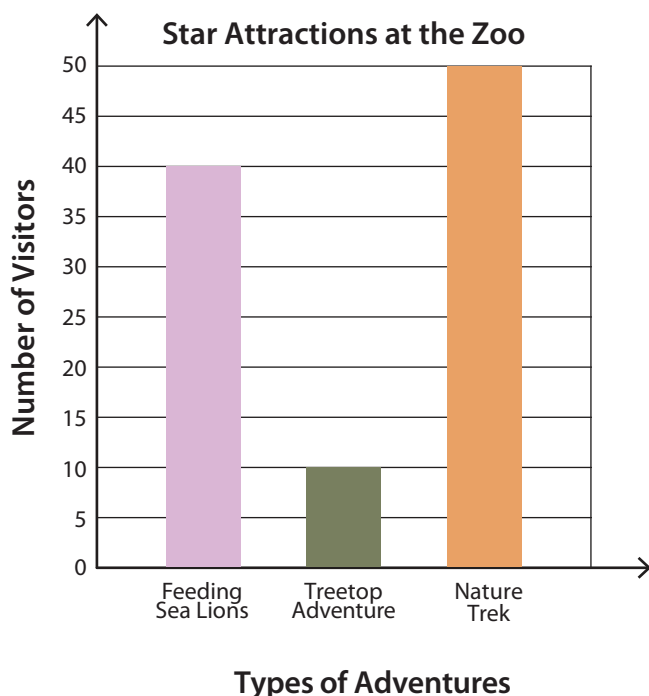

- 1) How many people said outdoor space was important?

- 2) How many customers said they want a swimming pool?

- 3) Which feature had the fewest people looking for it?

- 2) The management of a zoo asked its visitors what they liked the most about the zoo and recorded their favorite attractions on a bar graph. Read the graph and answer the questions.

- 1) How many visitors were enthusiastic about feeding the sea lions?

- 2) How many more visitors liked feeding sea lions than treetop adventure?

- 3) Find the number of visitors who liked treetop adventure and nature trek.
