

## Double Bar Graphs

The double bar graph below illustrates the number of takeouts sold at two branches of Bob's Bistro. Interpret the graph and answer the questions.

- 1) How many more takeouts were sold at Bethlehem Pike on Sunday? \_\_\_\_\_
- 2) Find the total number of takeouts sold at both branches on Saturday. \_\_\_\_\_
- 3) How many more orders were received by the Bethlehem Pike branch than the Route 202 branch on Friday and Saturday combined? \_\_\_\_\_
- 4) On which day did the Bethlehem Pike branch sell fewer orders than the Route 202 branch? \_\_\_\_\_
- 5) On Thursday, the branch on Route 202 sold 10 more orders than the branch on Bethlehem Pike.  True  False
