

Reading and Interpreting Line Graphs

- 1) The line graph displays how many games the Mustangs, a soccer team, have won every year since 2018. Read the graph and answer the questions that follow.

- i) In which year did the team win the most games?

- ii) How many more games did the team win in 2021 than in 2019?

- iii) In which year did the team win the fewest games?

- 2) A restaurant recorded the number of visitors per hour on a Friday evening. Study the graph and answer the questions that follow.

- i) At what time was the restaurant the busiest?

a) 6 p.m. b) 7 p.m. c) 8 p.m.

- ii) What are the two hours the number of visitors in which make up 375 put together?

- iii) How many visitors did the restaurant have at 9 p.m.?
