# Finding Side Length from Perimeter

Find the side length of each square using the given perimeter.
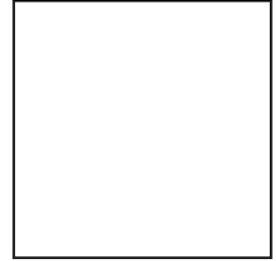

1) Perimeter = 32 in

Side length = _____

2) Perimeter = 64 yd

Side length = _____

3) Perimeter = 80 ft

Side length = _____

4) Perimeter = 52 ft

Side length = _____
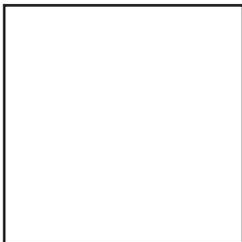

5) Perimeter = 16 in

Side length = _____

6) Perimeter = 8 yd

Side length = _____

7) Perimeter = 24 yd

Side length = _____

8) Perimeter = 48 ft

Side length = _____

9) Perimeter = 72 in

Side length = _____
