Constant of Proportionality

The values of x and y are proportional. Determine the constant of proportionality (k) and fnd the missing values.

1)

x	9		5	
y	36	16		8

2)

x		6	15	9
y	4	2		

3)

5)

7)

x		90	54	
y	10	50		15

8)

x	13		15	10
y	39	42
