Creating Stem-and-Leaf Plots

1) Mr. Greg recorded the points his students scored on a math test. The total points a student could score was 50. Observe the data and create a stem-and-leaf plot.

34, 42, 37, 26, 19, 35, 48, 45, 47, 39, 27, 36, 28, 40, 49, 38, 49, 29, 36, 38

2) Chandler counts and records how many pieces of yellow candy there are in 10 Skittles bags. Use the data and make a stem-and-leaf plot.

232, 245, 235, 223, 224, 227, 220, 244, 231, 236
