Systems of Equations

Write whether each system of equations is dependent or independent.

1) $13c - 14d = 0$
    $-19c + 29 = 5d$

2) $u = 16v + 50$
    $9v - 10u = -24$

3)

5)

_____

_____

7) $13b = 3c + 41$
    $7c = 12b - 36$

8) $p + q = 7$
    $7q + 7p = 49$

_____

_____
